Sir,

As I found it impossible for myself to get any address out of the American Trade Index for some antiquity coins which I already keep at hand, That is why, I adebress myself to You sonely with the pleasing hope of having the proper informations given me as to the proper person who purchases them or he who likes to get into negotiation with me.

These coins are said to be of different Sultans (Kings) of Turkey numbering 200 years before the present date. Your esteemed reply will oblige.

Yours truly
D. H. Alazzo.
